I have never participated in a temple event. Because I am a Catholic, I will not pray at the temple. Instead, I will be very interested in being able to participate in learning about the culture and rituals of festivals at the temple. I am a person who always wants to know about culture. If I have the opportunity, I would also like to participate in an event at the temple.

I have never participated in a temple event. If I could join an event, I would like to pray for my family's good health and fortune. Besides, I haven't seen a puppet show before. I would be happy to see the puppet show based on my curiosity. By participating in the event, I can understand more about Taiwanese culture.

I haven't participated in a temple event, but I imagine it would be a fascinating experience. If I were to visit one, I'd be intrigued by the rituals, spiritual ambiance, and sense of community. Observing ceremonies, listening to teachings, and learning about the cultural and religious significance of the temple would be top of my list.
